TRIP PROFILE

Starting from the beach resort of Sanur, we will explore the famous Batur Crater. We will also visit the island's two highest volcanoes and various canyons, taking in breath-taking coastal views from the rims of craters and cycle on small trails through forests, coconut groves, and rice paddy fields that Bali is famous for. During what can only be described as an epic trip, you can also unwind at the swimming pools of Balinese hotels.

Suitability: This trip is recommended for riders who enjoy and have some off-road experience, but you don't have to be an expert to get the best out of this trip. This tour is mainly on jeep trails and single track. While the off-road riding is not that technical, some experience is highly recommended. The support vehicle cannot always follow but will meet the group at certain points along the trail.

Biking Conditions: Although this tour only covers around 170 km in 4 full cycling days and one half day, it is still quite challenging. Because flat land in Bali is almost non-existent, the experience is almost entirely off-road on a series of challenging surfaces, including forest trails, red mud hard-pack, volcanic sand, lava cobbles, gravel, and broken tarmac roads. There are sections of single-track in every ride, but no long rocky or rooty sections or big drops. As far as gradients are concerned, all the trails except one have an overall down-hill element to them (in other words they finish at a lower altitude than the start). A few steep ascents and descents are also part of the program, but these are normally short and sharp.

Day 1 Denpasar Arrival

A SpiceRoads team member will pick you up from the Denpasar airport (Ngurah Rai International Airport) and transfer to our hotel on the east coast village of Sanur (around 1 hour). Once there, you can relax by the pool, or, if you're very anxious (and we're sure you will be), you can start assembling your bike and get into the mountain-biking mindset. We meet up for a trip briefing and then head to a nearby restaurant for dinner.

 Sri Phala Hotel  Dinner

Day 2 Batur Volcano

We head up to Penulisan on the rim of the Batur crater for the start of our first ride. The first part of the trail is on a broken tarmac road with spectacular views of the Batur Volcanic cone and, on a clear day, Mt. Abang and Mt. Agung in the distance. We turn onto jeep tracks and easy single track to the village of Pinggan, where we have a well-earned lunch. A short, sharp descent takes us to the base of the volcanic cone, and we spend the afternoon riding around the base of the

volcano on narrow sandy trails. With the last part of the trail crossing a lava field, there is ample opportunity to get a close up of the volcano and the strange moon-like landscape that it creates.

Day 3 Mt. Abang and Mt. Agung

This day is your chance to see what few have seen! First, we ride from Abang to the east coast starting at the edge of the Batur Crater. From there, you head downhill on jeep tracks for 8 km before turning east and climbing steadily through 10 km of pine forests to the top of a mountain pass between Mt. Abang and Mt. Agung. At this point, lunch is served. Please be aware that this part of the island is extremely remote, and vehicle support will not be available for long stretches of the ride. The exhilarating descent to the east coast finds us cruising by dry river beds and through cashew nut plantations.

Day 4 Mt. Agung – Perasi Beach

The start of the ride manages to steer a reasonably flat route around the side of Mt. Agung via a network of single track paths which weave their way through shady coconut and bamboo groves. We continue through stone cutting and carving villages and rock quarries until we reach the ruins of a water palace at Jungutan. With incredible views over the rice paddies and a beautiful white beach (so bring along your swimming suit), we enjoy our packed lunch. The afternoon ride runs down through some of the finest rice paddy scenery in Bali ending on the stunning coastline near Perasi Beach where a cool refreshing drink awaits.

Day 5 Perasi Beach - Ubud

Today's ride starts high up on the slopes of Mt. Agung and descends along a tarmac ridge with, on a clear day, spectacular views along the south coast. We then enter a large Salak fruit growing area where we weave our way through plantations and stone carving villages until we reach Muncan. We have lunch and then transfer to Ubud. The late afternoon is free to stroll around this artistic town. Dinner is on your own as there are many fine restaurants to choose from in Ubud.

Disclaimer: The adventure cycling tours we operate often go beyond the beaten track, and the countries where we ride are not always predictable. Due to these reasons, it is occasionally necessary to reroute or update itineraries. Our guarantee is that we will not change a trip unless for safety or to improve it. Our listed hotels are always accurate at the time of writing, but should we have to change any hotel, it will always be for a similar or better one.

NUTS & BOLTS

Bikes

Because some people can't imagine going on a trip without their own beloved bicycle, we do not provide them as part of this tour. However, you can hire bikes locally for the price listed in the tour pricing section.

If you bring your own bike, please make sure it is a mountain bike, preferably with front suspension, in good mechanical order.

Bike Repairs

Basic spares and tools are carried by the guide and on the support vehicle, though we cannot guarantee having spares for every conceivable problem. Carrying a basic tool kit, a spare tube and a pump while riding is recommended.

Safety

Wearing a helmet is required on all our biking adventures and is non negotiable. If you do not wear a helmet you will not be allowed to cycle. Your tour leader is trained in first aid and emergency rescue, but to a large degree you must be responsible for your own safety while riding. It is therefore compulsory that you take out travel insurance that will cover you for a mountain biking tour.

Guides

You will be led by a local English-speaking guide and if the group is 9 people or more we will add another guide to the tour. All our guides are well informed in the history, culture and religions of the area where you are biking and are skilled at passing that knowledge on to you. Your guide is also medically trained and an experienced cyclist, able to handle most minor repairs en route.

THE NITTY GRITTY

Passports and Visas

Citizens of 80+ countries can enter Indonesia with a Visa-on-Arrival (VoA) which grants single-entry for up to 30 days. To be eligible for a visa-on-arrival you must meet the following criteria:

- Hold a passport from the countries approved for visa-on-arrival. Please see the full list [here](#).
- Your Passport must be valid for 6 months since date of entry.
- You must have a return or onward ticket (which indicates the date of departure from Indonesia).
- You must pay a Visa-on-Arrival Fee of 500,000 IDR (around 35 USD).
- Submit an electronic customs declaration through [this website](#)

Visa-on-Arrival can be procured upon arrival in Indonesia but if you would like to save time then you can apply for and receive your visa by doing it online ahead of your departure. [Here](#) is the official website to do so. **We suggest doing this as you will save time on arrival.**

[Here](#) and [here](#) are useful links that summarizes the information on visas to Indonesia.

Health

Recommended vaccinations include typhoid, polio, tetanus and Hepatitis A. A certificate for Yellow Fever is required if arriving from an infected area within the prior six days. The more remote areas may be considered malarial areas. Please check with your doctor prior to departure for the most recent information.

Weather

Indonesia is a vast archipelago affected by a series of weather patterns, and depending on which island you are on, the weather can be hot and wet or hot and dry. Indonesia's monsoonal climate usually means short heavy downpours rather than all-day, never-ending rain.

Located 8 degrees south of the equator, Bali is home to a tropical climate with constant temperatures during the day ranging from 28 C to 30 C at sea level, although the humidity varies throughout the year. It is highest during the rainy season which is from December to March and gradually reduces to its lowest level from May to September, when a beautiful dry cooling breeze blows across from Australia.

Lombok also has a tropical climate similar to Bali's, with the only variation being the rainy season starting earlier, and is from October to April.

Sulawesi has a warm tropical climate with wet and dry seasons lasting approximately six months each. The dry season is from April to October and the wet season is from November to May. Sulawesi enjoys year-round temperatures averaging at least 30 C.

Food

Meals are included as per the itinerary where B = breakfast, L = lunch, D = dinner. Most meals are local Indonesian dishes and feature noodles, rice, curries, and soups. Any special dietary requirements can also be catered for as well. Please let us know at the time of booking.

Drink

Keeping you completely hydrated is a job we take very seriously. Cold water, some energy-restoring local fruit and soft drinks are included in the tour price. We are riding in a Muslim country and though beer is available, it might not be served in some restaurants. If you choose to purchase some beer please note it is NOT included in the price.

Solo Travelers

SpiceRoads does not require you to pay a surcharge for traveling alone. We will arrange for you to share accommodation with another traveler of the same gender and if we can not match you up we will provide a single room at no extra charge. If you prefer not to share a single supplement is payable to guarantee your own room. The cost of the single supplement is listed above.

Extra Expenses

We recommend that you tuck away a few extra dollars, perhaps US\$10, for incidentals. It is customary to tip local tour guides and drivers, however, the amount you give should be dependent on the level of service you receive. As a general guide we suggest US\$3-4 per person per day is appropriate.

Money

The official currency in Indonesia is the rupiah (Rp). Foreign currencies are not generally accepted. ATMs are widely available in cities and towns and touristy places have lots of moneychangers as well as banks. Banks usually have better exchange rates, though moneychangers may offer the best rates for cash. Credit cards can be used for larger purchases, in international hotels.
