## TRIP PROFILE

We will cycle 519 km in 10 days of riding. This is a tough trip due to the altitude and the terrain. We gain elevation slowly to ease acclimation and never sleep higher than 3,000 m. Due to the remoteness of the terrain, we'll be camping for 10 nights. It is the combination of conditions – altitude, weather, topography, and overall environment – that makes this a challenging tour and a test of sustained riding.

Vehicle support, which allows cyclists the option to get into the truck as needed, is available on all cycling days except for the heli-biking day. The helicopter lifts are dependent on weather conditions.

**Suitability:** This trip is designed for the experienced cyclist with a high level of fitness. The lack of oxygen at the high altitudes we'll be cycling at, as well as the climbs we'll be doing, means that this is a tough trip, and you'll enjoy it much more if you have a good level of stamina and fitness. The distances and gradient each day are not extreme, but getting into the best shape possible for the trip will ensure you get the most from your holiday.

**Biking Conditions:** The road surfaces are a mix of paved and dirt roads and a few sections of single track. The paths will be very rocky in sections, and so good technical skills on a mountain bike are necessary.

### Day 1 Arrive in Almaty

We'll pick you up from the airport and transfer you to our centrally located hotel in Almaty. Once the capital of this vast country, Almaty remains the nation's largest city, with a population of 1.8 million. In the late afternoon we'll meet up to assemble the bikes, sightsee, and gather for a welcome dinner.

## Day 2 Turgen and Assy Rivers

We have a three-hour drive to the Turgen River Gorge where we can admire the views and get warmed up to central asia. We start our ride by cycling on a rough jeep track that follows the Turgen River to the end of the valley. Here we start to climb to the top of Assy Pass (2,650 m). The sky is big, the grass is a vibrant green, and the panorama is endless. We also have views here of snow-capped peaks in the distance. We descend for 35 km, following the Assy River down to our campsite nestled in amongst pine trees.

 Tented Camp  Breakfast, Lunch, Dinner

 Ride 47km  +765m  -1103m

## Day 3 Sary Bulak River

We have a long day ahead of us as we have another pass to conquer today. We have a short but tough climb to reach the lofty summit of Zhambas Pass at 3,150 m. Once we've reached the top, the riding is undulating as we cross the Ashyk Dala Plateau where we'll likely not see another person unless they are on horseback. It's a long and exhilarating descent for 23 km along the Zheniska River to reach our camp beside the Sary Bulak River (1,600 m). All the riding is off-road.

 Tented Camp  Breakfast, Lunch, Dinner

 Ride 65km  +1123m  -201m

## Day 4 Chilik River

Today starts with a climb up, but the switchbacks make the gradient easy. We traverse across the Kungey Alatau Mountains and ride through grasslands and fields of wildflowers, including edelweiss. A tough and rocky road leads us through a steep hillside that will test even the strongest of cyclists. We gradually make our way down to the Chilik River where we share our camp with horses and cows grazing nearby.

 Tented Camp  Breakfast, Lunch, Dinner

Ride 50km +1288m -1954m

### Day 5 Kegen River

Today, we hit some tarmac as we follow the asphalt road from Saty village for 28 km to Zhalanash village (1,700 m). We ride through quaint villages with white and blue picket fences and have time to pop into a local store where abacuses are still used. The riding will be mostly flat today with a few undulations, and though we are on roads, they will be in poor condition, and we will see very little traffic. We camp near to the Kegen River.

Tented Camp Breakfast, Lunch, Dinner

Ride 45km +1057m -592m

### Day 6 Base Camp Karkara

We enter Kyrgyzstan riding through rolling grasslands on a good road to reach the beautiful Karkara Valley. This section was once part of the Silk Road, traversed by Kazakh, Kirgыз, and Chinese traders. We spend the next two nights at Base Camp Karkara (2,200 m) staying in "walk-in" tents and having the use of hot showers, a traditional sauna, and the bar!

Base Camp Karkara Breakfast, Lunch, Dinner

Ride 80km +101m -1270m

### Day 7 Base Camp Karkara Heli-biking

Base Camp Karkara is literally the jumping off point for expeditions to summit Pobedy Peak (7,439 m) and Khan Tengri (7,010 m). Today we board our helicopters for an unforgettable day of heli-biking! With our bikes on-board, we fly up to 3,500 m and then make an unforgettable 1,300 m descent on grasslands, switchback trails, and forest dirt roads back to our base at Karkara. We may be able to stop on the way to meet the nomads who brought their flocks up to this fertile valley. Stopping inside a yurt, we'll see how the nomads live and have a taste of their local tea. The route back to camp takes us along a roaring river fed by the mountains above.

Base Camp Karkara Breakfast, Lunch, Dinner

 Ride 30km  +1488m  -317m

## Day 8 Turuk River Ride

Today we enjoy a 20 km scenic ride along the Karkara River to the junction of the Kokzhar, Dzhalanach and Turuk mountain rivers. Once reaching the junction, we follow along the Turuk river until we arrive at our next camp seeing Kirgiz nomads along the way. Perched at 3000 meters, we will camp in tents among these friendly nomads!

 Base Camp Karkara  Breakfast, Lunch, Dinner

 Ride 40km  +494m  -479m

## Day 9 Aktog Pass

Today we are cycling off road through grasslands surrounded by snow capped peaks. You will enjoy some of the best views of the trip! We follow along the Turuk River to the Aktog Pass (3480m) where you will view the Central Tien Shan Snow range and black pyramid of Khan Tengri. Make sure you bring your camera! After a stop for pictures, we have a long descent down to the Kyrgyzstan Zhaz River Valley where we camp at 2700m.

 Tented Camp  Breakfast, Lunch, Dinner

 Ride 52km  +1163m  -326m

## Day 10 Chon Ashu Pass

We follow the Sary Zhaz River on an undulating road until we see the switchbacks of our climb up to the top of Chon Ashu Pass (3,820 m). Our legs are strong now, so we'll have no problem with this climb. Once we reach the top, we take a well-earned break to admire the view before we have a long and fast descent. We freewheel down to our riverside camp in the upper part of the valley that feeds into Lake Issyk Kul, the second largest mountain lake in the world. Camp near Ak Bulak village on the river cost.

 Tented Camp  Breakfast, Lunch, Dinner

 Ride 70km  +739m  -772m

## Day 11 Karakol Town

For 40 km we follow a rough tarmac road to Kyrgyzstan's famous Karakol town, a Russian military outpost from 1869. Karakol is one of Kyrgyzstan's major tourist destinations, known for excellent hiking, trekking, and skiing. We ride 2 hours and arrive to our yurt camp in the center of Karakol. Here we eat lunch and have a hot shower. Now that the bicycle touring part of the trip is over, we'll transfer to Issyk Kul Lake to enjoy a half day of swimming and barbecuing. In the evening we return to Karakol for a sightseeing tour and finish out our day by staying overnight in a yurt camp.

 Tented Camp  Breakfast, Lunch, Dinner

 Ride 40km  +1557m  -2606m

## Day 12 Back to Almaty

We start the day early with a transfer back to Almaty where we will cross the border back into Kazakhstan. On the way we stop for lunch at Charyn Canyon where you can relax and enjoy the view. This stunning gorge has the look of the Grand Canyon in Arizona. Once in Almaty we check into our hotel and meet for a farewell dinner!

 Kazzhol Hotel  Breakfast, Lunch, Dinner

## Day 13 Departure

After a last look around Almaty, it's time to box up bikes before we transfer the group to the airport for the flight home. There will be one group transfer. Those looking to extend their stay can spend some time exploring Kazakhstan's newly named capital city Nur Sultan or take a day trip to the picturesque Altyn Emel national park.

 Breakfast

**Disclaimer:** The adventure cycling tours we operate often go beyond the beaten track, and the countries where we ride are not always predictable. Due to these reasons, it is occasionally necessary to reroute or update itineraries. Our guarantee is that we will not change a trip unless for safety or to improve it. Our listed hotels are always accurate at the time of writing, but should we have to change any hotel, it will always be for a similar or better one.

## NUTS & BOLTS

### Bikes

Because some people can't imagine going on a trip without their own beloved bicycle, we do not provide them as part of this tour. However, you can hire bikes locally for the price listed in the tour pricing section.

If you bring your own bike, please make sure it is a mountain bike, preferably with front suspension, in good mechanical order.

## **Bike Repairs**

Basic spares and tools are carried by the guide and on the support vehicle, though we cannot guarantee having spares for every conceivable problem. Carrying a basic tool kit, a spare tube and a pump while riding is recommended.

## **Safety**

Wearing a helmet is required on all our biking adventures and is non negotiable. If you do not wear a helmet you will not be allowed to cycle. Your tour leader is trained in first aid and emergency rescue, but to a large degree you must be responsible for your own safety while riding. It is therefore compulsory that you take out travel insurance that will cover you for a mountain biking tour.

## **Guides**

You will be led by a local English-speaking guide and if the group is 9 people or more we will add another guide to the tour. All our guides are well informed in the history, culture and religions of the area where you are biking and are skilled at passing that knowledge on to you. Your guide is also medically trained and an experienced cyclist, able to handle most minor repairs en route.

## **THE NITTY GRITTY**

### **Passports and Visas**

Please make sure that your passport is still valid for at least six months at the end of the tour and that you have at least two blank visa pages available. For 40 nationalities a visa is not required for visitors staying up to 30 days when you travel to Kazakhstan and Kyrgyzstan. Visa-free visits are available to the citizens of Australia, Canada, EU countries, Japan, New Zealand, Norway, Singapore, Sweden, Switzerland, the UK, and the USA. For a full list of visa-free countries, look [here](#). If you are staying longer in Kazakhstan or for nationalities that do require a visa we will provide you with instructions on how to apply for the visas as you will need a supporting letter.

### **Health**

The only compulsory vaccination is for yellow fever and proof of vaccination will only be required if you've visited a country in the yellow-fever zone within six days prior to entering Kazakhstan. However, we strongly recommend that you are vaccinated against Typhoid, Hepatitis A and B, tetanus and polio. Please speak to your doctor/physician for the most recent information.

### **Weather**

Kazakhstan has hot summers and very cold winters. Temperatures and climate also vary according to the altitude. The summer days are warm with brilliant blue skies (max. 25°C/77°F to min. 10°C/50°F), but the weather in mountainous areas can be very unpredictable. Come prepared for cold evenings, rain, hail and possibly even snow. Early morning starts and descents at altitude will be more comfortable with proper gear on.

### **Altitude**

Travellers to the Tien Shan mountain range may suffer breathlessness and headaches before becoming acclimatized. It is important to take things lightly at first and to drink plenty of water. When climbing high passes, you may experience headaches, mild nausea or lack of appetite until your body adjusts to the elevation. These symptoms generally disappear after a few days.

### **Accommodation**

In Almaty we will stay in the comfortable Kazzhol Hotel. We camp for 10 nights. Ground pads and tents are provided, however, a sleeping bag is not provided. You may rent a sleeping bag for US\$70 but we highly recommend you bring your own. A 3-season sleeping bag would be best. A mess tent, toilet tent and shower tents are also provided. Three of the nights will be at Base Camp Karkara and hot showers and a sauna are available. All accommodation described in the itinerary are included in the tour cost.

### **Food**

Meals are included in the itinerary where B = breakfast, L = lunch, and D = dinner. While camping meals will be prepared by the cooking team on the support staff and feature Russian and Western-style cuisine. Any special dietary requirements can also be catered for as well. Please let us know at the time of booking.

## Drink

Keeping you completely hydrated is a job we take very seriously. Cold water and energy-restoring drinks are included in the tour price while riding. Soft drinks and other beverages during meals are not included. Beer and alcohol are available in Kazakhstan.

## Solo Travelers

SpiceRoads does not require you to pay a surcharge for traveling alone. We will arrange for you to share accommodation with another traveler of the same gender and if we can not match you up we will provide a single room at no extra charge. If you prefer not to share a single supplement is payable to guarantee your own room. The cost of the single supplement is listed above.

## Extra Expenses

We recommend that you tuck away a few extra dollars a day for incidentals. Included entrance fees are those for the listed sites and national parks that are part of the itinerary. Any other site fees are not included.

## Money

The currency in Kazakhstan is the tenge (KZT). The currency in Kyrgyzstan is the som (KGS). There are ATMs in Almaty that take international cards. There will be no other places to access ATMs, but then there will be very little opportunity to make purchases along the way. We recommend that you not rely on ATMs as your sole source of cash and suggest carrying cash or travellers cheques as backup in case the ATM is out of order, or you lose or break your plastic.
