TRIP PROFILE

On this mountainous, and in places *steep*, ride, you and your legs will be put to the test as you head up and over the challenging passes of Taiwan's mountain ranges. You will ride just under 915 km in 9 days of riding on smooth tarmac roads.

The trip is fully supported, and your guide's expert knowledge of the area and terrain means that you always know what is coming up in terms of distance and difficulty. This makes a tremendous difference, as does the constant supply of cold drinks, ice, and fresh fruit.

Suitability: This is a tour for cyclists possessing a high level of physical fitness. Riders should be capable of making sustained climbs, and riding over 100 kilometers per day through mountainous terrain. Fitness will be a huge asset on those long days, steep climbs, and undulating hills, as will cycling skill to handle long descents. The tour is fully supported, and the bus is always close at hand for those that find the riding too difficult.

Biking Conditions: This is a climber's dream tour. A total of over 10,000 m climbing in 10 cycling days, the true test is within the first four days of the route, which are the most climbing intensive days and total over 8,000 meters elevation gained in less than 400 kilometers. Despite the climbs, the route is on good quality tarmac roads through the mountains and along the coast.

Day 1 Arrival in Taipei

Day 2 Taipei - Fusing

We pick you up from your Taipei hotel in the morning and drive outside the busy city to start our ride to Fusing. We will just have a short ride, but it will start at sea level and end at about 450 m. It will be a gentle start through undulating hills to get the legs warmed up before we start the serious climbing. You'll be riding through thick forest, and the thick moss and huge ferns that line the narrow road give the whole place a Jurassic aura.

Day 3 Fusing - Wuling Farm

The second day, and first big climbing day begins from the hotel. 35 undulating kilometers warm up to one of the first steep sections and the first peak of the day at 60 kilometers. You'll make a sharp descent down to the base of the plateau before the long climb begins to the top of Shih Yin Pass, nearly 2,000 meters above sea level. Admire the dense forest, changing from cedar to bamboo along the way, and breathe in the fresh air- you're going to need it!

A car transport and options to start at different points along the way on the way up are available. Once at the top, the rewards come one after the other: cold drinks and snacks, fabulous scenery for memorable photos, and an exhilarating ride down into Taroko National Park and the world-famous Taroko Gorge. This will be one ride you will never forget as we drop some 3,270 m, riding through endless tunnels and a multitude of eco zones. The last 20 km of Taroko Gorge is a mind-blowing ride through marbled walled passageways that twist and turn as the gorge rises some 500-1,100 m above!

Day 11 Wutai Aborigine Village - Kaohsiung

On the last ride of the tour, we leave behind our mountain village and head towards the vibrant southern city of Kaohsiung. We'll lose elevation, cruising downward out of the peaks that have defined our journey through Taiwan. Fertile farmland lines the mountainous slopes along our ride, and we'll stop for lunch in on one of the many indigenous villages for some traditional aborigine

food. Only a few small climbs remain, until we reach the Kaoping River on the very outer limits of Kaohsiung city. The day doesn't end here however, we have one more surprise in store, the fantastic Fo Guang Shan Monastery. Multi-level pagodas and endless gilded Buddha statues line the pathways of this incredible Buddhist establishment. Following a wide-eyed wander through the monastery, we'll transfer to our hotel in the city for the evening, with plenty of time to disassemble bikes, pack, and rest up for the next day of onward travel.

Disclaimer: The adventure cycling tours we operate often go beyond the beaten track, and the countries where we ride are not always predictable. Due to these reasons, it is occasionally necessary to reroute or update itineraries. Our guarantee is that we will not change a trip unless for safety or to improve it. Our listed hotels are always accurate at the time of writing, but should we have to change any hotel, it will always be for a similar or better one.

NUTS & BOLTS

Bikes

Because some people can't imagine going on a trip without their own beloved bicycle, we do not provide them as part of this tour. However, you can hire bikes locally for the price listed in the tour pricing section. If you want to bring your own peddles (remember to bring your shoes if they clip into your peddles) & saddle (as we know some people are sensitive to the saddle they use) we can fit them for you.

If you bring your own bike, please make sure it is a road bike in good mechanical order.

Bike Repairs

Basic spares and tools are carried by the guide and on the support vehicle, though we cannot guarantee having spares for every conceivable problem. Carrying a basic tool kit, a spare tube and a pump while riding is recommended.

Safety

Wearing a helmet is required on all our biking adventures and is non negotiable. If you do not wear a helmet you will not be allowed to cycle. Your tour leader is trained in first aid and emergency rescue, but to a large degree you must be responsible for your own safety while

riding. It is therefore compulsory that you take out travel insurance that will cover you for a mountain biking tour.

Guides

You will be led by a local English-speaking guide and if the group is 9 people or more we will add another guide to the tour. All our guides are well informed in the history, culture and religions of the area where you are biking and are skilled at passing that knowledge on to you. Your guide is also medically trained and an experienced cyclist, able to handle most minor repairs en route.

THE NITTY GRITTY

Passports and Visas

Visa requirements for Taiwan vary depending on your nationality, the purpose of your visit, and the duration of your stay. Many nationalities, including citizens of many Western countries, are eligible for visa-free entry or visa-on-arrival for short stays (usually up to 90 days). See [here](#) for the full list of visa-exempt countries. If the passport you hold is not on this list, please review the information on [this website](#) and get in touch with the embassy/consulate nearest to you if you require assistance. All nationalities require a passport for entry into Taiwan. Please ensure your passport is valid for at least 6 months after the duration of your stay.

Health

We recommend that you visit a travel medical doctor and ask about the following vaccinations: typhoid, polio, tetanus and hepatitis A. A certificate for yellow fever is required when arriving from an infected area within six days.

Weather

The Tropic of Cancer runs straight through the middle of Taiwan resulting in a subtropical climate. Summers can be hot, humid and wet, although rainfall is often limited to short showers. Typhoon season hits in late summer to mid-autumn and tends to strike the east coast particularly hard. Winter temperatures are mild and the only snowfall is on mountain peaks.

The annual average temperature of the northern part is around 21.7C (71F) while it is around 24.1C (75F) in the southern part. The coldest months are from January to March with the lowest temperature to about 10C (50F). The average temperature of the rest of the year is around 25C (77F).

Rain is always a possibility in Taiwan so please come prepared with waterproof jacket and pants. As we also cycle to high altitudes where the weather can be cooler and change quickly it is best to have layers available.

Taiwan is also prone to earthquakes as it sits on the colliding Eurasian and Philippine plates. These grinding plates are also responsible for the beautiful mountains and amazing hot springs that make the trip to Taiwan truly worthwhile. Most of these quakes are small earth tremors.

Food

Meals are included as per the itinerary where B = breakfast, L = lunch, D = dinner. Most meals are local and feature noodles, rice, and soups. Any special dietary requirements can also be catered for as well. Please let us know at the time of booking.

Drink

Keeping you completely hydrated is a job we take very seriously. Cold water, some energy-restoring drinks while you are riding are included in the tour price. Soft drinks and other beverages during meals are not included. Beer is freely available everywhere but is NOT included in the price.

Solo Travelers

SpiceRoads does not require you to pay a surcharge for traveling alone. We will arrange for you to share accommodation with another traveler of the same gender and if we can not match you up we will provide a single room at no extra charge. If you prefer not to share a single supplement is payable to guarantee your own room. The cost of the single supplement is listed above.

Extra Expenses

We recommend that you tuck away a few extra dollars, perhaps US\$20 a day, for incidentals.

Money

Taiwan's currency is the New Taiwanese Dollar (NT). ATMs, which are abundant, are the easiest way to get NT. With more than 4,000 7-Elevens across the country, there are ATMs on the international Plus or Cirrus network and have English-language options. Have a supply of US dollars in cash on hand, just in case your card doesn't work. Credit cards are accepted in big cities and resort hotels but you'll need cash for family-run guesthouses or restaurants.
