TRIP PROFILE

This trip is fully supported and uses a mix of roads and trails ranging from sealed roads, gravel roads and a few off-road trails. We recommend mountain bikes and will provide full-suspension MTBs as the default hire option as we think that is the best piece of equipment for the terrain, however, hybrids or gravel bikes will work just fine. We start riding in Talisoara, a three-hour drive north of Bucharest and end in Sibiu, which is four-hours northwest of Bucharest.

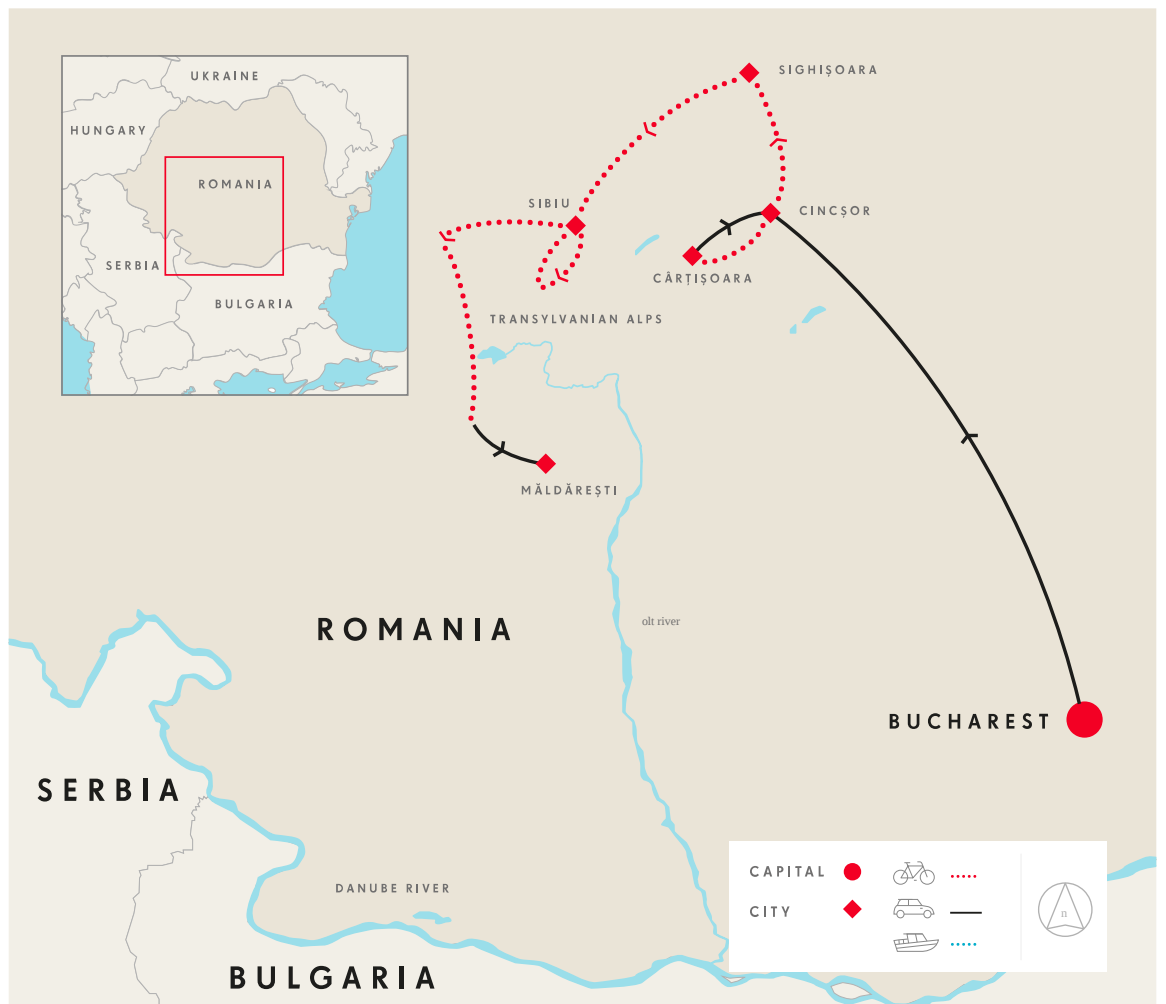

We have five full days of cycling plus a warm-up ride on day one and the full distance is 350 km. Each day we ride for 50-80km on undulating roads and trails and expect to ride at a leisurely pace, stopping often for visits and rest breaks. The terrain is up and down, and we climb a total of 2,400 metres and average around 450 metres each day so there are lots of hills but no long climbs or very steep sections. On most riding days we start after breakfast at around 9 am and expect to ride for between 3-4 hours with stops and a leisurely lunch. We expect to arrive at our destination late afternoon. Most riders should be able to complete the full distance and be able to ride comfortably at 20-22 kph but if anyone needs a rest there is a support vehicle following so you can do as much cycling as you wish. As we sometimes ride at different speeds and this will vary depending upon how the group feels on the day, the guides will ride through the group to make sure everyone is ok and make sure everyone knows where each rest stop is located so we can regroup and visit sites together. We encourage people to ride at a reasonable speed, enjoy the riding and take in views and immerse themselves in their surroundings. Faster, fitter riders can go ahead and regroup at designated meeting points and if you are having a bad day (remember a bad day on the bike is still better than a good day in the office), don't worry (it happens to us all) there is always support close at hand.

Suitability: This trip is suitable for anyone with a reasonable fitness level and has been designed for all levels of rider. This trip is not a very technical off-road trip and is suitable for gravel bikes as well as mountain bikes. Overall, we will ride 350km and climb just over 2,500metres (8,200feet) in 5 ½ -days.

Biking Conditions: This tour follows a wide mix of roads and riding surfaces including gravel roads, forest roads, dirt tracks, broken roads and some good sealed roads with about 10% on dirt/gravel tracks, 10% on dedicated bike paths, 50% is on quiet roads with little traffic, and 30 % on roads shared with traffic.

Cycling Days: We have 5 1/2-riding days and ride point to point every day. Usually, there will be one or two main stops planned each day for visits and local cultural experiences and several short stops to regroup, refuel or take-in-the-views before we reach our finish point.

Accommodation We use a range of beautiful accommodation including restored medieval guesthouses, 4 castles and 3-4 traditional rural hotels. The accommodation is 3-4 star level and of excellent quality.

Day 1 Arrival day: Transfer to Tălișoara and Warm-up ride

There are a few arrival points in Romania and we can either pick you up in Bucharest (mornings only and total transfer time of 3.5 hours) or Brasov (transfer time one-hour) and transfer to Tălișoara, where our adventure begins. Tălișoara is a quiet and pretty village and we will be staying at a beautifully restored old aristocratic house, offering comfortable and nicely designed accommodation, a spa and excellent food. We aim to arrive in time for a warm-up ride in the surrounding countryside to get you used to the bikes and terrain and a briefing from your guides. There should be time to relax and enjoy the spa or make a visit to see the local blacksmith in action before our group dinner.

Day 2 Cycling from Tălișoara to Viscri

This morning, after an excellent breakfast in the castle, we will ride right out of the gates and into rural Transylvania. Our route takes us along the Olt River, passing through medieval villages that have changed little over the centuries such as Vârghis, Dacia and Rupea, where we will stop for a pleasant lunch. In the afternoon we continue on a leisurely ride to Viscri, our destination for the day, which is a historic Saxon settlement recognized by UNESCO for its archaeological importance. Best-known for its white fortified church dating back to the 12th Century, Viscri is a picture-postcard village with whitewashed walled houses, thatched roofs and local artisans. It is also a great example of community tourism in action and the well-preserved buildings as well as arts and crafts have been supported and well maintained to preserve an authentic and historic part of Transylvania. We stay in a charming, traditionally restored guesthouse and will take some time to explore the town and visit the bakery or some of the many artisanal workshops. In the evening, we witness one of the most iconic images of rural Transylvanian life as hundreds of cows return to the village from grazing in the surrounding pastures.

Day 3 Cycling from Viscri to Cincsor

Today we have another beautiful day lined up and it's well worth getting up early and taking a morning walk around Viscri before or after breakfast. Again, we ride directly from our accommodation heading west towards Dacia and Jibert villages, before crossing a wild forest hill to Cobor village. In Cobor we will visit a biodiversity farm and have an organic local lunch with a fun ride along some lovely gravel roads through the forest and a mix of local asphalt roads taking us to Cincsor. We are comfortably accommodated in a beautifully renovated hotel that used to be a parish house.

Day 4 Cycling from Cincsor to Sighisoara

From Cincsor we ride north to a delightful village in rural Transylvania called Dealu Frumos, which translates as "the beautiful hill" and is considered to be the geographical centre of Romania. Our ride takes us along pleasant rural roads passing several more Saxon villages before reaching Agnita and then a detour to Movile village where we visit an interesting old fortified church renovation project and can enjoy a nice lunch in the village. We end our ride in Sighisoara, another UNESCO World Heritage site, and famous in Romania as the best preserved of the seven medieval fortified cities. The small, but bohemian citadel is home to endless stories and is a paradise for photographers. This evening you are free to enjoy dinner at one of the many restaurants in the old town.

Day 5 Sighisoara to Vila Vinea winery

After another delightful Romanian breakfast, we ride out of Sighisoara following gentle country roads towards Malancrav. Today we will ride a wonderful off-road trail through the villages of Stejareni and Bethlen castle to Prod village (there is an asphalt option if preferred) where we can take a rest and enjoy the lovely pastoral views. We then have a few gentle climbs to take us across some hidden hills to discover the remote village of Cund, a small German settlement where the local community have lovingly renovated many traditional old homes, to a high standard yet in keeping with the traditional architecture and culture to create a visually interesting and impressive village environment. After a local lunch in Cund and the chance to taste some locally made cheese, we can enjoy a more leisurely bike ride to the best boutique winery in the region for a well deserved and thoroughly enjoyable visit and wine tasting session. Bliss!

Day 6 Cund to Sibiu via Nocrich

Today's cycling journey starts with a very pleasant pedal to Biertan village, which was the very first of Transylvania's villages to receive UNESCO status. The impressive fortifications, imposing walls and soaring spires set against a backdrop of the green hills make for one of the country's most endearing images. From Bierten, a short but excellent ride takes us through scenic rolling hills to Alma Vii village, another charming Saxon village and the venue for today's lunch. Served in a typical Saxon cellar in the town's 13th-century citadel, we will sit down to more delicious Romanian fare. Refreshed and energized, we will spend the afternoon riding through Hartibaciu valley until Nocrich, a pottery centre where we can take a breather and view the ceramics,

before continuing to Sibiu, our final destination. Sibiu is a fitting final destination for our Transylvanian cycling adventure. Named the European Capital of Culture a decade ago, it is well worth exploring and a short walk from our hotel reveals ample evidence of its cultural heritage including museums, galleries, concert halls and elegant squares. The Medieval Fortress and the Brukenthal Museum in the old town should not be missed. We end our time together with a farewell meal and toast our adventures with some excellent Romanian wines.

Full joining instructions including local emergency numbers will be sent to you as part of our Final Joining Instructions.

Breakfast

Disclaimer: The adventure cycling tours we operate often go beyond the beaten track, and the countries where we ride are not always predictable. Due to these reasons, it is occasionally necessary to reroute or update itineraries. Our guarantee is that we will not change a trip unless for safety or to improve it. Our listed hotels are always accurate at the time of writing, but should we have to change any hotel, it will always be for a similar or better one.

NUTS & BOLTS

Bikes

Because some people can't imagine going on a trip without their own beloved bicycle, we do not provide them as part of this tour. However, you can hire bikes locally for the price listed in the tour pricing section.

If you bring your own bike, please make sure it is a mountain bike, preferably with front suspension in good mechanical order.

Bike Repairs

Basic spares and tools are carried by the guide and on the support vehicle, though we cannot guarantee having spares for every conceivable problem. Carrying a basic tool kit, a spare tube and a pump while riding is recommended.

Safety

Wearing a helmet is required on all our biking adventures and is non negotiable. If you do not wear a helmet you will not be allowed to cycle. Your tour leader is trained in first aid and emergency rescue, but to a large degree you must be responsible for your own safety while riding. It is therefore compulsory that you take out travel insurance that will cover you for a mountain biking tour.

Guides

You will be led by a local English-speaking guide and if the group is 9 people or more we will add another guide to the tour. All our guides are well informed in the history, culture and religions of the area where you are biking and are skilled at passing that knowledge on to you. Your guide is also medically trained and an experienced cyclist, able to handle most minor repairs en route.

THE NITTY GRITTY

Passports and Visas

Passports and Visas Romania is an easy country to enter. It is part of the EU so easy to access for Europeans but not yet in the Schengen zone. Most countries in the Americas including U.S. and Canadian as well as Australian and British citizens may enter and remain in Romania without a visa for up to 90 days total. It is essential when entering Romania to present a valid passport with a minimum validity of six months from the date of entry into the country.

Covid (Updated March 2022)

All restrictions related to COVID-19 ceased on 9 March. There is no longer a requirement to quarantine, to test before entering Romania. Further information on entering Europe can be found on the Reopen Europe website here: <https://reopen.europa.eu/en> .

Health

Health conditions in Romania are good, especially in the cities. In recent years, the range of health services has increased and become more modern. Hospitals and clinics provide proper care, but we recommend taking out travel insurance. There are no compulsory vaccinations for entering Romania. ~~~

Weather

Romania has a temperate climate, similar to the northeastern United States, or some parts of northern Europe, with four distinct seasons. Spring is pleasant with cool mornings and nights and warm days. Summer is quite warm, with extended sunny days. The hottest areas in summer are the lowlands in southern and eastern Romania but temperatures are always cooler in the mountains. Autumn is dry and cool, with fields and trees producing colourful foliage, much like New England. Winters can be cold, especially in the mountains. While not the rule, abundant snowfalls may occur throughout the country, from December to mid-March. Our trips typically start in May and run until October and you should expect temperatures as low as 15C/60F in Spring/Fall (Autumn) with cool mornings and evenings but warm in the daytime. You should pack some warm and waterproof clothes if travelling at this time of the year as it can rain and probably want arm-warmers, gilet and long pants and bring a few layers and a jacket for the evening. Daytime temperatures in Spring or Fall can vary between 7c (44F) – 17c (65F). Summer is warmer and can get quite hot with longer daylight hours and maximum temperatures of 35c (90F) in August and an average of 23c (73F). Expect to be cycling in shorts and short sleeves.

Food

While not well known abroad, Romanian cuisine is a near-perfect reflection of the country's agrarian roots and cosmopolitan history. Dishes borrow heavily from neighbouring (and occasionally occupying) cultures – Turkish, Hungarian, Germanic and Slavic. The Turks brought meatballs (perişoare in a meatball soup), from the Greeks there is mussels, from the Austrians there is the şniţel, and the list could continue and some recipes can be traced to the Romans, as well as other ancient civilizations. One of the most common meals is the mămăligă, the precursor of polenta, served on its own or as an accompaniment. Pork is the main meat used in Romanian cuisine, but also beef is consumed and a good lamb or fish dish is never to be refused. Wherever we eat the results are always excellent with a wonderfully rustic, homemade quality, built around staples such as pork, chicken and lamb, but made special through the addition of ample, organic fruits and vegetables. We will make sure you sample a wide range of local cuisines and make sure we visit or stay at lodges with excellent food. Dinners are usually quite meat-oriented with pork or beef and sarmale cu mamaliguta which is a traditional Romanian dish made of minced pork wrapped in pickled cabbage leaves and served with polenta and a chilli. Vegetarians and vegans and other dietary requirements can be catered for but please let us know in advance. ~~~

Drink (Riding and Recreational)

Keeping you completely hydrated is a job we take very seriously. Coldwater, some energy restoring local fruit and soft drinks are included in the tour price while riding. Soft drinks and other beverages during meals are not included. You may also want to bring electrolytes in powder or tablet form. Alcoholic drinks are available everywhere but are not included. It needs to be pointed out that Romania is one of Europe's biggest wine producers, and while much of the output is aimed at the budget, student end of the market, quality is improving and several wines – both white and red – are worth looking for. The best winemaking regions for whites include the Târnave plateau, north of Sibiu, and Cotnari, near Iaşi. For reds, look for Dealu Mare (south of the Carpathians, near the Prahova Valley). Murfatlar, near the Black Sea, and Odobeşti, in southern Moldavia, produce both quality reds and whites. Drăgăşani, in southern Romania, is home to one of the country's most promising new wineries, the Casa Isărescu. Another new and highly regarded winemaker is the Nachbil winery, located in the northwest of the country, near Satu Mare. And if that's not enough, pretty much every household makes their own Tuica

(pronounced "tsweeka") which is a spirit usually made from plums and flavoured with herbs from their garden or the surrounding area. This is usually drunk whilst being welcomed into the house and after dinner. ~~~

Solo Travelers

SpiceRoads does not require you to pay a surcharge for travelling alone. We will arrange for you to share accommodation with another traveller of the same gender and if we can not match you up we will provide a single room at no extra charge. If you prefer not to share a single supplement is payable to guarantee your single room. The cost of the single supplement is listed above. ~~~

Extra Expenses

We recommend that you tuck away a few extra US Dollars for possible incidentals that might arise. It is always wise to have some paper currency in case of ATM absence or credit card problems. This will save you a lot of unnecessary worries. It is also customary to tip local tour guides and drivers; however, the amount you give should be dependent on the level of service you receive. ~~~

Money

The Romanian leu is the currency of Romania. It is subdivided into 100 bani, a word that means "money" in Romanian. ATMs that accept major credit cards can be found in all sizable towns and cities. It's best to use credit cards as a backup for cash. There are many foreign exchange offices in every city and town and at major attractions. The best currencies to take are EUROS. Costs in Romania are generally much lower than in western Europe or North America and you will find your hard currency will buy you a lot of drinks in Romania. ~~~

Be Aware

Romania remains generally safe, and it's unlikely that you'll have any problems; violent crime against tourists is almost nonexistent and petty crime is much less than in most Western countries. However, take the usual precautions about avoiding rowdy political demonstrations, not flashing money around and being aware of pickpockets in crowded places.
