## TRIP PROFILE

We ride 376 km over 6 cycling days. We bike along an excellent network of roads and paths through the Austrian, Slovakian, and Hungarian countryside. Much of the ride takes place near the banks of Danube but, in Hungary, we do veer inland as well. We ride from the morning to the early afternoon, with the remainder of the day at your own leisure to immerse yourself in the charm of the cities and towns bursting with history and culture. Please note that entrance fees to castles, museums, and other types of heritage sites that require payment to enter are not included. Your guide will discuss options for independent afternoon explorations in the places visited. The trip is fully supported, and your guide's expert knowledge of the area and terrain means that you always know what is coming up in terms of distance and difficulty. This makes a tremendous difference, as does the constant supply of water and refreshments along the way.

**Suitability:** This tour is suitable for anyone with a reasonable level of fitness. Having some experience in the saddle is recommended to comfortably ride the longer distances. This route is predominantly flat with only a few undulating sections which are few and far between. There is no technical riding required on this tour, but having good handling skills will be an asset to navigate non-paved sections. A support vehicle is always nearby to offer refuge to any weary cyclists. As the majority of the riding takes place on paved roads, this tour is not suitable for any riders seeking off-road experiences.

**Biking Conditions:** Around 80% of the route is on paved roads which are mostly in good condition, though broken asphalt, road debris, and potholes do present themselves. The remaining 20% are on gravel paths and some off-road trails. The riding takes place either on dedicated cycling paths close to the Danube River or on quiet backcountry roads with minimal traffic. Coming in and out towns, as well as near popular tourist attractions, we will share the roads with cars and buses and rules of traffic must be observed. While rainfall is uncommon during the months we schedule our tours, showers can occur at any time – we generally ride rain or shine though, based on the guide's discretion or your level of comfort, modifications to the planned route can be made. It's all part of the adventure!

## Day 1 Meet in Vienna

Welcome to Vienna, the “Imperial City”. We suggest arriving a day or two before the tour begins so you can explore the Austrian capital’s many sights, such as the first district with its cluster of historic churches, former royal residences, world-class museums, and rustic cafes. A visit to the baroque-era Schönbrunn Palace or taking a stroll through the city vineyards are also worthwhile if you have more time. On arrival day, we meet at our tour hotel in the late afternoon and head out for a trip briefing and welcome dinner. Please let us know if you require assistance with airport transfers and pre-tour hotel bookings.

## Day 2 Vienna – Bratislava

The first ride of the tour is one of the most memorable as, in just 75 km of cycling, we are able to connect the two capital cities of Vienna (Austria) and Bratislava (Slovakia). After navigating out of Vienna’s urban and suburban neighborhoods, we’ll reach the Danube Floodplain National Park, one of Europe’s largest untamed wetland areas. Here, a vast plain brimming with forests, meadows, marshes, and oxbow lakes sprawls along the banks of the Danube, creating a delightful biking route. Keep an eye out for various species of rare waterfowl native to the region. At the 55 km mark, we’ll arrive at the Austrian town of Hainburg, renowned for its massive medieval gate. From there, it’s only a few kilometers more to the border with Slovakia. Not too long ago, this area was one of the most heavily guarded and fortified parts of the Iron Curtain, but now, besides a change in language on the road signage, it is hardly noticeable that we are crossing a national border. We conclude our ride in Bratislava, Slovakia’s charming capital city,

where we'll spend two nights in one of its distinctive "botels" – floating hotels anchored in the Danube.

### Day 3 Bratislava Loop & Wine Tasting

Bratislava is the kind of European city which invites you to slow down and enjoy the finer things in life. And that's exactly what we'll be doing today. In the late morning we have a leisurely bike tour of Bratislava, exposing us to the city's history from the fall of Rome to the fall of the Iron Curtain. Our route takes us through the historic town center, across the iconic SNP bridge, and into the oldest city park. We'll also explore communist-era housing estates and modern riverside developments before visiting the striking Blue Church. After lunch, you'll have free time to unwind – perhaps at a cozy café to watch the world go by or by visiting Bratislava Castle, one of the city's most celebrated, centuries-old landmarks. In the evening, before dinner, we'll head to a local wine cellar for a private tasting of some regional specialties. Even if you are not a wine drinker, the experience offers an interesting behind-the-scenes look at age-old Slovak traditions!

### Day 4 Bratislava – Győr

Another day, another country! We depart Bratislava and cross from Slovakia to Hungary via Szigetköz, or "Little Rye Island", a river island nestled between the Danube and its labyrinth of tributaries which braid along the wetlands. Once we've reached the Hungarian plains we'll stray further to the west of the Danube, stopping for a break in the pretty town of Mosonmagyaróvár (easy to say, right?). From here we continue through an area of extensive farmlands to reach Győr where we spend the night. Győr is renowned for its lively and colorful city center filled with baroque architecture. Enjoy the afternoon strolling the cobblestone streets and reward today's cycling efforts with a brew or two in one of the city's numerous beer gardens! Dinner is on your own tonight.

### Day 5 Győr – Komárom/Komárno

From Győr we head eastward back to the banks of the Danube. Across the Transdanubian plains, we ride through an endless patchwork of farmlands and villages. We enjoy a leisurely pace as we take in the sights of rural Hungary unfolding around us, maybe even spotting herds of Arabian horses which are bred in the region. Our destination is a city with two names, depending on which side of the Danube you're on! To the south of the river, on the Hungarian side, is Komárom and to the north, on the Slovakian side, is Komárno. In the afternoon, you can visit Komárno fort, one of the largest historic bastion fortifications in Central Europe and was constructed to defend against Ottoman invasions during the 16th and 17th centuries.

### Day 6 Komárom/Komárno – Esztergom

We continue along the Danube, riding on bike paths that straddle the wide banks of the river. Along this section of the Danube there are still remnants of the Roman Limes, a network of ancient Roman military camps which protected the empire along its frontiers. One of these, Kelamantia, is just a few km south of Komárno and we'll stop to learn about this early chapter of Hungarian

history. We then continue onwards, passing by forests, farms, villages and vineyards to reach the city of Esztergom, Hungary's spiritual heart. Crowning the city is the Esztergom Basilica, the largest church in Hungary, boasting beautiful classicist architecture and interior decorations. You can also visit Esztergom Castle which, perched on a hill, offers splendid views over the Danube and the city.

## Day 7 Esztergom – Budapest

On our final day of cycling we ride the "Great Bend" of the Danube, one of the most scenic stretches along the entire valley. Here, the river winds its way through forested hillsides and rugged cliffs and the banks are dotted with historic villages and towns. We'll ride through Visegrád, with its medieval castle peering down from a cliff face, and stop in Szentendre, known for its vibrant arts scene and elegant baroque architecture. And finally we reach the "Queen of the Danube", Budapest, where we end our bike tour. In the evening, Hungary's capital city glitters and sparkles as its facade of stately landmarks are lit up. We'll convene for a final Hungarian feast and bid our farewells.

**Disclaimer:** The adventure cycling tours we operate often go beyond the beaten track, and the countries where we ride are not always predictable. Due to these reasons, it is occasionally necessary to reroute or update itineraries. Our guarantee is that we will not change a trip unless for safety or to improve it. Our listed hotels are always accurate at the time of writing, but should we have to change any hotel, it will always be for a similar or better one.

## NUTS & BOLTS

### Bikes

Bikes are included for this tour and are well-known makes of hybrid bikes. All bicycles contain Shimano components, suspended fork and a rear rack for a panniers. Helmet hire is included, however you are welcome to bring your own seat and/or pedals, and we'll fit them to your bike for the tour.

**E-Bikes are also available. Please enquire for the price and reservation. E-bikes are in limited supply.**

### Bike Repairs

Basic spares and tools are carried by the guide and on the support vehicle, though we cannot guarantee having spares for every conceivable problem. Carrying a basic tool kit, a spare tube

and a pump while riding is recommended.

## Safety

Wearing a helmet is required on all our biking adventures and is non negotiable. If you do not wear a helmet you will not be allowed to cycle. Your tour leader is trained in first aid and emergency rescue, but to a large degree you must be responsible for your own safety while riding. It is therefore compulsory that you take out travel insurance that will cover you for a mountain biking tour.

## Guides

You will be led by a local English-speaking guide and if the group is 9 people or more we will add another guide to the tour. All our guides are well informed in the history, culture and religions of the area where you are biking and are skilled at passing that knowledge on to you. Your guide is also medically trained and an experienced cyclist, able to handle most minor repairs en route.

### AUSTRIA

#### Passports and Visas

Visa requirements for Austria vary depending on the traveler's nationality and the purpose of their visit. Citizens of the European Union (EU) and the European Economic Area (EEA) do not need a visa and can freely enter and stay in Austria. Additionally, citizens from certain countries like the United States, Canada, Australia, and New Zealand can enter Austria for tourism or business purposes for up to 90 days within a 180-day period without a visa. For many other nationalities a visa is generally required to enter Austria. Visitors need to apply for a Schengen Visa, which allows travel within the Schengen Area, including Austria. See [here](#) for more information.

#### Health

See [here](#) for recommendations and detailed information.

#### Weather

Austria has mild springs from March to May, with temperatures ranging from 10-20°C (50-68°F). Warm summers span from June to August, with temperatures typically between 15-25°C (59-77°F). Fall extends from September to November, with temperatures ranging from 5-15°C (41-59°F). Winter lasts from December to February, with temperatures from -5-5°C (23-41°F). The best time for cycling is late spring/early summer and late summer/early fall, when temperatures are pleasant and you can avoid the peak rush of the summer tourism season.

#### Food

Meals are included as per the itinerary where B = breakfast, L = lunch, D = dinner.

Austrian food is much more than just Schnitzel and chocolate cake but you'll definitely want to try those as well!

Any special dietary requirements can also be catered for as well. Please let us know at the time of booking.

#### Drink

Keeping you completely hydrated is a job we take very seriously. Water and a regular supply of refreshments are included in the tour price while riding. Soft drinks and other beverages during meals are not included. But you may also want to bring electrolyte in powder or tablet form. Alcoholic drinks are available everywhere, but are NOT included in the price. Austria has plenty of choices of homegrown wine, beer and spirits. Prost!

#### Solo Travelers

SpiceRoads does not require you to pay a surcharge for travelling alone. We will arrange for you to share accommodation with another traveller of the same gender and if we can not match you up we will provide a single room at no extra charge. If you prefer not to share a single supplement is payable to guarantee your own room. The cost of the single supplement is listed above.

#### Extra Expenses

We recommend that you tuck away a few extra Euros for possible incidentals that might arise. It is always wise to have some paper currency in case of ATM absence or credit card problems. This will save you a lot of unnecessary worries. It is also customary to tip local tour guides and drivers; however, the amount you give should be dependent on the level of service you receive. As a general guide we suggest that €5-10 per person per day is appropriate.

Visa and Mastercard are widely accepted throughout the country, but that is not a guarantee, especially in mom & pop shops in rural areas.

Tourist Tax: The tourist tax varies depending on the region and the type of accommodation. The fee is between 1 - 5 Euros per person/per night. This amount needs to be paid directly and in cash - hence why we do not include it in the tour price and you will be expected to pay this where necessary.
